

MANGATARA LIMOUSIN

Inaugural SALE

**ON FARM SELLING COMPLEX
111 RAKAIATAI ROAD**

MONDAY 27th MAY 2024

Commencing 1pm

Viewing from 11am

18 2yr Polled Limousin Bulls

12 MA Polled Limousin IC Females

Lunch provided

Prior inspection and enquiries Welcomed

Vendors

Erik & Lyn van der Velden

phone 06 374 1575

NZFL Agents

Clint Worthington 021 209 2236

John Watson 027 494 1975

Conditions of Sale

1. The sale will be conducted under the usual terms and conditions as set down by the NZ Stock and Station Agent Assn.
2. All intending purchasers are to register at the office prior to the sale including NAIT number. A purchasing rebate of 5% will then be paid to non-participating livestock companies and recognised independent livestock agents with approved credit facilities introducing new and/or accompanying buyers to the sale.
3. At the fall of the hammer all purchases become the responsibility of the purchaser.
4. Payment in full before delivery or 14 days by arrangement with management prior to the sale.
5. All animals are sold exclusive of GST.
6. Transport is the responsibility of the purchaser. All animals to be off the property in 2 weeks, unless prior arrangements have been made with management.
7. All bulls are BVD tested clear and vaccinated for BVD. TB status C10.
8. All animals are sold with Limousin Assurance Program and are transferable on request.
9. Although every care has been taken to ensure accuracy in the production of this catalogue, no responsibility will be taken as to mis-description, errors or omissions.
10. Under OSH 1992 Ltd, **Beware of Hazards** on the property and sale venue.
11. Transit Insurance and livestock insurance can be arranged with the auctioneers who recommend these insurances to all purchasers.
12. Will be live streamed on **mylivestock.co.nz** , pre registration required

Understanding the EBV's

CE Dir: Calving Ease Direct.(%) Indicates the influence of the sire on calving ease on females calving at 2yr. Positive EBV's increase calving ease, Negative EBV's decrease calving ease.

CE Dtrs: Calving Ease Daughters. (%) This EBV indicates the calving ease of that sire daughters will calve at 2yr. Sires with positive EBVs will increase calving ease and sires with negative EBVs will decrease calving ease.

GL: Gestation Length (days) ranks sires for the time between conception and the birth of the calf, shorter gestation indicated by negative EBVs and longer by positive EBVs.

BW: Birth weight. (kg) is based on the birth weight of progeny, adjusted for dam age. The lower the value, the lighter the calf at birth and the lower the likelihood of a difficult birth when used with heifers.

200, 400 and 600 Days: (kg) is an estimate of the animals potential for growth.

Milk: (kg) An important component of fast growth to weaning, is the dams maternal performance. A bull with a high EBV should produce daughter which milk well.

Scrotal: (cm) Indicates whether the bull will produce sons with above or below average scrotal size, also bulls with above scrotal size should produce daughter with earlier puberty.

CW: Carcase Weight. (kg) Is based on Breedplan live animal ultrasound scanning with abattoir carcase data and is an indicator of genetic differences in carcase weight at a standard age.

EMA: Eye Muscle Area (sq cm) ranks animals for eye muscle area measured at the 12th rib on a 300kg carcase. More positive EBV's indicate better muscled and higher yielding progeny.

Rib and Rump fats: (mm) ranks animals for fat depth at 12th rib and rump on a 300kg carcase.

IMF: Intramuscular Fat (%) ranks animals for the percentage of intramuscular fat at the 12th rib on a 300kg carcass.

Docility: calculated from temperament scores recorded on animals, at weaning. Higher, more positive, docility EBV's are more favourable.

What do the abbreviation mean

(P) Polled	(AA) 2 copies F94L gene
(Ps) Polled with scurs	(AC) 1 copy F94L gene
(PP) Homo Polled	(CC) 0 copies F94L gene
(A) Apricot	(U) not tested for F94L gene
(R) Red	(LF) Lim-Flex
(B) Black	
(BB) Homo Black	

All animals catalogued are Protoporphyrin free by pedigree or tested

Carcass Scanning 26 March 2024

A total of 59 2yr Bulls and 84 2yr Heifers were scanned by

Hugh Boulton

Austins Ultrasound North
027 395222

EMA, IMF, Fats, SS and EMA grading heart-shaped form
from 1+ Exceptional to 3 Flat.

All 2yr old Bulls and Heifers catalogued are **1** and **1+**
