

# ROSEMOUNT CHAROLAIS

**ROSEMOUNT CHAROLAIS 2ND  
ANNUAL YEARLING BULL SALE**

**NZ FARMERS** LIVESTOCK

## History and Breeding

Rosemount Charolais, situated in Meremere, 15km from Hawera in South Taranaki and is a family farming business run by Kurt and Katie-Rose Parry with our two daughters Anika and Ayla.

The stud is run on a 85 ha effective property with a focus on producing high quality purebred bulls for use in both the dairy and beef industry. Our breeding began when we purchased four females from Silverstream Charolais in Christchurch and then took an opportunity to take over the reigns of the Forest View stud of Brian and Jean Clements from Whangarei. The herd travelled south to Taranaki in the winter of 2018 and from here our breeding journey really began.

We purchase our sires from prominent New Zealand Charolais studs and use a combination of AB and natural matings to suit our breeding needs. Calving takes place from the 15th of September annually and the challenge is being able to grow a yearling bull to meet market demands within a twelve month period.

We have a passion for breeding quality Charolais cattle and enjoy watching their progression from birth as they grow into animals that meet our breeding goals and needs. Our breeding goals focus on consistency and constitution as we aim to provide the best possible bulls to suit the varying needs of our clients.

This years bull line up we believe is our best yet. More polled bulls than other years and after a tough autumn weather wise the bulls have grown well and gone from strength to strength. We are also excited to see this years crop of calves hit the ground as we will realise the potential of two new stud sires Hemingford Maximus and Eclipse Titan. Both polled sires that have shown some real potential.

We hope you enjoy the sale and hospitality and are able to find the bull to suit your needs.

*Kurt and Katie-Rose Parry*

## Fertility Testing Certificate

All the sale bulls for Rosemount Charolais in 2024 were Fertility tested on farm and have passed a fertility test with semen satisfactory for breeding potential.

They have passed the following:

1. Palpation and examination of testicles.
2. The penis and sheath have been examined for any apparent abnormality e.g. sores, lacerations, abscesses, hair rings, warts, corkscrew, scar tissue and signs of damage.
3. Microscopic evaluation of the semen sample has been tested for motility % of live sperm morphology % of normal vs abnormal within the sperm.

All bulls have been presented to me in very great condition and in a healthy state. I wish the team at Rosemount Charolais all the best.

## YOUR ASSETS AGAINST RURAL THEFT.

Theft and burglaries occur more often than you might think, and the number of theft claims is increasing.

Over the last five years we have paid \$48 million in theft claims – including \$620k in fuel claims alone, that's doubled since 2019 and equates to over 300,000 litres!\*

We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at [fmg.co.nz/rural-theft](https://fmg.co.nz/rural-theft)

**We're here for the good of the country.**

**FMG**  
Advice & Insurance

\*FMG Data 2019 to 2023

## What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser.

For any bull purchased over \$50,000 talk to an FMG representative.

## What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the "Extend your Premier Bull Insurance" option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don't have to pay today, FMG will invoice you for this additional cover.

## What are the benefits?

✓ <b>Infertility</b>	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ <b>Theft or death</b>	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ <b>Vet costs</b>	We cover up to \$500 for treatment of your specified bull to prevent death.

## What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

# Bull Purchaser Instruction and FMG Insurance Slip

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.

Purchaser/Agent full name: \_\_\_\_\_ If purchasing on behalf of, what is your relationship to owner? \_\_\_\_\_ Buyer No: \_\_\_\_\_
