*We specialise in growing top yearlings, well grown to suit  
heifer mating, cow mating or beef cow mating*

VENDORS: Colin & Carol King  
P: 06 752 9863 | E: ccking@farmside.co.nz

## 10 REASONS YOU SHOULD WORK WITH CARRFIELDS LIVESTOCK

- ✔ 100% New Zealand family owned
- ✔ Online listings of livestock for sale
- ✔ National network of livestock representatives
- ✔ Mobile on-farm auction facilities
- ✔ Multiple marketing channels for your livestock
- ✔ Sale proceeds paid electronically on due date
- ✔ Flexible finance and share farming options
- ✔ Valuation services available
- ✔ Up to date market information
- ✔ Member of New Zealand Stock and Station Agents' Association

*For all your livestock requirements please contact one of our friendly and experienced team*

**PHONE** 0800 223 070

**CARRFIELDS.CO.NZ**

# WELCOME TO OUR BEXLEY STATION ANNUAL BULL SALE

At Bexley we have had a relatively drier August than usual. These bulls were weaned in early April & run in 2 mobs on grass & silage since then. They should be looking smart by sale day. They are all homebred, tested EBL & BVD virus negative & twice vaccinated for leptospirosis, 6 in 1 & BVD.

These bulls are TB tested clear, & our herd is C10.

We specialise in growing yearling bulls as we do not have a 2 year old bull sale. So you will find here some bulls selected especially for calving ease & low birth weight, alongside those more suited to cow mating, or traditional beef farming.

We hope you find a bull to suit your farm and thank you for your support.

Regards,

**COLIN & CAROL KING**

## **NOTE - BIOSECURITY:**

Please use the boot wash facilities provided.

# CONDITIONS OF SALE

- 1) The sale will be conducted under the conditions of the NZ Stock and Station Agents.
- 2) **FERTILITY:** The fertility of a bull in this catalogue constitutes a guarantee by the vendor that the purchase price, without interest, expenses, costs or damages, shall be refunded if a bull proves infertile. Any dispute shall be settled by an arbitrator appointed by the auctioneers. Any complaint must be lodged with the auctioneers in writing within six months of the date of sale. A veterinary certificate shall be produced by the purchaser if required.
- 3) Transfers will be available on stud bulls.
- 4) Every lot will be at the risk of the purchaser from the fall of the hammer.
- 5) The agents can arrange insurance if required. An AON rep will be on site.
- 6) Purchaser: please leave full address, delivery instructions and NAIT number with the booking clerk.
- 7) This catalogue has been compiled by the vendor with all care taken to ensure accuracy. No responsibility is accepted for error or omission.
- 8) All lots sold are exclusive of GST.
- 9) **OSH:** You enter the property and facilities at your own risk.
- 10) Terms are cash or cheque, a current account with Carrfields Livestock or NZ Farmers Livestock, or a letter of authority to charge back to outside companies. Rebates will be paid to outside companies attending this sale.

**LIVESTOCK COMPANY:** Carrfields Livestock  
**SELLING AGENT:** Grant Ross | P: 021 174 8403

## NZ FARMERS LIVESTOCK

**LIVESTOCK COMPANY:** NZ Farmers Livestock  
**SELLING AGENT:** Brent Bougen 027 210 4698

### HEALTH & SAFETY

All visitors must report to management on arrival. Every endeavour has been made to make the viewing pens safe but please treat the bulls with respect & do not over crowd them.

No responsibility will be taken for careless behaviour by visitors.

**PLEASE BRING THIS CATALOGUE & YOUR NAIT NUMBER TO THE SALE.**

# HEREFORD NZ EBV's Explained

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

## A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND HEREFORD SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the **New Zealand Hereford selection index** of most relevance to you.
2. **Rank animals** using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at [www.herefords.co.nz](http://www.herefords.co.nz) or [www.pivotdesign.co.nz/catalogues](http://www.pivotdesign.co.nz/catalogues).

## NEW ZEALAND HEREFORD BREEDPLAN

New Zealand Herefords publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Hereford Prime
200 Day Growth	Days to Calving	Eye Muscle Area	Maternal Value	Beef Heifer
400 Day Growth	Gestation Length	Rib Fat		Dairy Beef
600 Day Growth	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

Details about the Hereford Selection indexes can be found at: <https://breedplan.une.edu.au/media/f1bh1b4n/using-new-zealand-hereford-selection-indexes.pdf>

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding BREEDPLAN EBVs** booklet.

<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

# NEED FERTILISER SAVE MONEY

Contact

## **NORTHMIX MANURES**

For all your fertiliser requirements

Proud fertiliser suppliers of  
C & C King, Iona Hilltop Bexley Station

### ALGERIAN RPR

Get your "P" content without the leaching

### PRILLED LIME

250kg is equivalent to 2.5 tonne of conventional lime

We understand times are tough. We are here to save you money on your fertiliser and to get the best results for your property

## SPECKLE PARK NZ EBV's Explained

BREEDPLAN EBVs remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

### A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT SPECKLE PARK SIRE

A BREEDPLAN Guide to Interpreting EBVs helps producers understand how to assess and compare the genetic merit of animals. Each EBV is reported in the units in which the measurements are taken (e.g. Weight EBVs are reported in kilograms). Please note that *only EBVs produced in the same BREEDPLAN analysis can be directly compared.*

When interpreting BREEDPLAN EBVs, producers may:

- 1. Compare to the level of genetic merit within the current population.**  
Comparing against the current levels of genetic merit (*breed average and/or percentile bands*) allows you to understand where an animal ranks within the evaluated population. *EBV percentile graphs* can be found online for each animal and provide a visual representation of where an animal ranks for each trait.
- 2. Compare expected difference in progeny performance.**  
Comparing the expected difference in outcome if two (or more) different sires are used in a herd gives you an understanding of what these EBVs mean in real terms.
- 3. Consider EBV accuracy.**  
As a general rule, animals should be compared on EBVs regardless of accuracy. Most rising two year old bulls will have similar EBV accuracy levels; however, there may be some variation (particularly at multi-vendor sales) due to levels of performance recording and/or progeny if the bull was used as a yearling.

The searchable version of this catalogue can be found online here <https://www.specklepark.org/> or at [www.pivotdesign.co.nz/catalogues](http://www.pivotdesign.co.nz/catalogues).

### SPECKLE PARK BREEDPLAN

Speckle Park International publishes the following BREEDPLAN EBVs.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs
Birth Weight	Scrotal Size	Carcase Weight
200 Day Growth	Gestation Length	Eye Muscle Area
400 Day Growth		Rib Fat
600 Day Growth		Rump Fat
Milk (Maternal)		Retail Beef Yield
Mature Cow Weight		Intramuscular Fat

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding BREEDPLAN EBVs** booklet. Scan the QR code for more details
