Disclaimer; The information printed in this catalogue is derived from data supplied by the vendors and although every care has been taken to ensure accuracy in the production of this catalogue, the Vendors, the Auctioneers or its agents, the Printer do not take any responsibility or liability as to any errors, omissions or mis-statements contained herein.

Attention: Under the Health and Safety in Employment Act 1992, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

All children under the age of 16 must be accompanied and under the supervision of an adult

You are not to enter any yards, pens or races where stock are being moved or held

Keep to the walkways or within the flagged areas provided

Report any accident to the site office

If you see anything unsafe, report it to the site office

The auctioneer has overall control of the site, and will ask you to leave if the above rules are not followed.

This is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment. Please take all care to ensure your personal safety.

Hasty River From the Perspective of Purchasers

Below are a few testimonials from people who know or have consistently bought and worked with Hasty River cattle

I personally have been a long time admirer of Hasty River cattle (even in my Holstein days) I love the conformation of the cows but what impresses me even more is the beautiful bone quality they have, which is an indication of their ability to produce - and produce they do, as everyone I speak to who has Hasty River cattle all say the same - that they are amongst their top production cows (Garry Colquhoun)

"The ability of Hasty River cattle to shift has been one of the main reasons why I have kept coming back year after year to the Johnson's sales. They have also been great value for money with many maturing into top families here at Koroglen, especially Hasty River Key Jemma VHC 93 and her descendants. I can't recommend the Johnsons and their cattle highly enough." (Steven Leoy)

HASTY RIVER KEY JEMMA 93

In recent years we have purchased many animals from Hasty River annual sales. They have always slotted beautifully into our Holstein herd, classified highly, and are breeding on extremely well. They are milking very well too. Our highest producing Jersey 2 year old to date is a Hasty River heifer. After our 1st herd test this season the highest producing Purebred Jersey was a Hasty River cow....followed by a daughter of a Hasty River cow. Pictured left is Hasty River RD Roseleaf 93 who is breeding well for me. (Shayne Caird)

HASTY RIVER RD ROSELEAF 93

Sue and I have purchased quiet a few Hasty River animals and have found them to be very reliable for both type and they certainly know how to produce - of note are Hasty River Lu Summertime and Hasty River Falcon Ruve VHC 93 who produced 677 milk solids. Ruve has started a great family with Gun Ruve placing well at the Dairy Event and also in the Holyoak Competition where she was Reserve Champion and won her class in the Club On Farm Show. A descendant of Summertime - Mons Summertime placed third in the Club On Farm Show. With the years of breeding behind the Hasty River cattle I can fully recommend them. (John Schnuriger)

WYEHOLME GUN RUVE 95

These Show Champions and Top Producers were all sold as incalf heifers.

Footnote:

A golden coloured Luther son from a top line of cows for many generations, all with top classifications. Snow Relief is an upstanding type of cow and a very fast milker. As a heifer came into the shed like and old timer and never moved. At times you remember these valuable traits. 163 years of Purebred Jerseys in New Zealand.
