

RIVERLEE HEREFORD & ANGUS

HILL COUNTRY BRED FOR HILL COUNTRY FARMERS

NINTH ANNUAL BULL SALE

10TH JUNE 2025 1:00PM

2354 RANGIWAHIA ROAD, MANAWATU

bidr[®]

riverleeherefords

FOREWORD

Welcome to Riverlee, and our 9th bull sale.

Our beef sale bulls are select from cows that have proven themselves. The cows are wintered in the back hill country with the ewes and they must come out of the winter with a good condition score, they must have an excellent temperament and stand quietly and patiently when we weigh, check and tag their calf. All heifers are calved at 2 year old, any empties are worked.

Bottom line is if we wouldn't buy it we wouldn't sell it.

Thank you for supporting our sale.

Please join us for refreshment after the sale.

Murray, Fiona, Aaron, Laura and Aiden

RIVERLEE HEREFORD & ANGUS

CONDITIONS OF THE SALE

TERMS AND CONDITIONS

The New Zealand Stock & Station Agent's Association Conditions of Sale and, to the extent deemed relevant by Carrfields Livestock Limited (Carrfields), Carrfield's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a Carrfields monthly credit account, then Carrfields's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by Carrfields. These terms can be inspected at the registration desk and on the wall in the auction room. The current versions of Carrfield's Terms of Sale and Monthly Account Terms of Trade are also available online at:

http://www.carrfields.co.nz/wp-content/uploads/2016/01/carrfields_livestock_terms_and_conditions_201510.pdf or in hardcopy on request.

REBATE WORDING

All intending purchasers must register at the sales office prior to the sale.

Purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies & recognised independent livestock agents with a Carrfields account who have introduced buyers to Carrfields before the sale and/or accompanied buyers to the sale.

INSURANCE

All care taken but purchaser responsibility at fall of hammer.

AngusNZ EBVs Explained

EBVs and Selection Indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) to provide the best measure of an animals genetic merit.

To ensure the accuracy of EBV and Index data, AngusNZ combine with Angus Australia to create a reference population known as the TransTasman Angus Cattle Evaluation (TACE).

By using TACE – along with visual and structural appraisal – will assist in creating a balanced phenotypical and genotypical breeding outcome.

FOUR STEPS TO SELECTING YOUR NEXT ANGUSNZ SIRE:

- 1. Consider your individual EBVs of importance
- 2. Consider other traits of importance (e.g. visual assessment)
- 3. Identify the **AngusNZ selection** index of most relevance to your breeding programme
- 4. **Rank animals** using the chosen Selection Index.

AngusNZ publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection Indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Self Replacing
200 Day Growth	Days to Calving	Eye Muscle Area	Structural Assessment	AngusPure
400 Day Weight	Gestation Length	Rib Fat		Heifer Dairy Terminal
600 Day Weight	Calving Ease Direct	Rump Fat		<i>Details about the Angus Selection indexes can be found at:</i> breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		
 <i>For more information, including EBV descriptions and how to use them go to: breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf</i>				

Beef + Lamb Genetics have developed a new tool to make it easier to find the best bulls for your farming operation. Using a series of buttons and sliders, you can refine your breeding criteria. By then clicking a button nProve generates a list of bulls that best fit. It's free to use, there's no need to register and there's also helpful tips to get started. Try it out at www.nprove.nz

May 2025 TransTasman Angus Cattle Evaluation - Percentile Bands for all 2023 born animals

ANGUSGS
Powered by Neogen GeneSeek

INVEST IN YOUR HERD'S FUTURE

Unlock the Power of Genomics with AngusGS

Get the genetic insights you need to make smarter breeding decisions, reduce risk, and maximise herd potential.

AngusGS is the ultimate Angus-specific genomic profiler, delivering unmatched insights into key traits such as calving ease, birth weight, marbling, female fertility, and more.

Look for the AngusGS logo on sale lots—it shows that the animal has undergone SNP testing (via Neogen & PBB) and has been included in a Genomic Evaluation, with "Genomics" listed under Traits Analysed.

WHY ANGUSGS?

- Make smarter selection decisions — gain genetic insights earlier in an animal's life.
- Market with confidence — provide buyers with verified genomic data.
- Strengthen herd linkages — enhance connections within the Angus reference population.
- High-density SNP profiling — over 75,000 SNPs for deeper genetic analysis.
- Trusted parent verification — conducted in-house by the PBB DNA team.

**Power your breeding program with AngusGS —
because better data leads to better cattle**

**FOR COMPLETE END-TO-END SERVICE AND SUPPORT,
TALK TO THE PBB DNA TEAM**

HEREFORD NZ EBV's Explained

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND HEREFORD SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the **New Zealand Hereford selection index** of most relevance to you.
2. **Rank animals** using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at www.herefords.co.nz or www.pivotdesign.co.nz/catalogues.

NEW ZEALAND HEREFORD BREEDPLAN

New Zealand Herefords publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Hereford Prime
200 Day Growth	Days to Calving	Eye Muscle Area	Maternal Value	Beef Heifer
400 Day Growth	Gestation Length	Rib Fat		Dairy Beef
600 Day Growth	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

Details about the Hereford Selection indexes can be found at: <https://breedplan.une.edu.au/media/f1bh1b4n/using-new-zealand-hereford-selection-indexes.pdf>

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding BREEDPLAN EBVs** booklet.

<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

INVEST IN YOUR HERD'S FUTURE

Unlock the Power of Genomics with the GGP 100K Test.

Get the genetic insights you need to make smarter breeding decisions, reduce risk, and maximise herd potential.

GGP 100K is the ultimate genomic profiler.

Look for the GGP 100K logo on sale lots—it shows that the animal has undergone SNP testing (via Neogen & PBB) and has been included in a Genomic Evaluation, with “Genomics” listed under Traits Analysed.

THE VALUE OF GGP 100K

- Make smarter selection decisions—gain genetic insights earlier in an animal's life.
- Market with confidence—provide buyers with verified genomic data.
- Strengthen herd linkages—enhance connections within the Hereford reference population.
- High-density SNP profiling—approx 100,000 SNPs for deeper genetic analysis.
- Trusted parent verification—conducted in-house by the PBB DNA team.

**Power your breeding program with GGP 100K —
because better data leads to better cattle.**

**FOR COMPLETE END-TO-END SERVICE AND SUPPORT,
TALK TO THE PBB DNA TEAM**

PBB, PO Box 503, 75 South Street, Feilding 4740

out more

HARNESS THE POWER OF HYBRID VIGOUR

- 12% increase in profitability with hybrid vigour
- Quicker finish and increased carcass weight
- Increased fertility & production in first cross females
 - 25.3% increase in cumulative weaning weight across a cow's lifetime
 - 17% increase in number of calves over a cow's lifetime
 - 38% cow longevity
- Hybrid vigour is the true answer to feed efficiency and sustainability

SUPERIOR BULLS CREATE SELLABLE CALVES.

To find out more about buying a registered Hereford bull, talk to your stock agent or view our breeders online sale catalogues at herefords.co.nz

NZ FARMERS LIVESTOCK

Working with Farmers for Farmers

Proudly working with
Riverlee Hereford

At NZ Farmers Livestock, our clients benefit from our **history and experience in the market**. We bring extensive experience and knowledge gained through trusted and long-established relationships within the rural community. We add value for you, by supporting you, to market.

And, we understand **Finance**, and how important flexibility and speed of delivery is a necessity when it comes to farming. NZ Farmers Livestock Finance has a facility available for all your finance needs. We pride ourselves on our **fast acceptance and personal support**. Our dedicated agents are committed to supporting you.

NOTES

NOTES

THE REMARKABULLS.

In 2024 we sought your prize-worthy bulls to hero them front and centre – they really fill the frame.

These beautiful bulls are worth their weight and more, requiring strong cover on sale day, and solid service every day after that.

That's why we offer existing FMG clients (with an active policy), **14 days free cover** for bulls purchased at any FMG Premier Bull Sale up to the value of \$50,000 per bull, on completion of an Insurance Form.*

Cover can be extended beyond the initial 14 days free cover for the remaining period of 12 months at 7.6% of the purchase price (rates differ for shorter policy periods).

To find out more, talk to your FMG rep, visit fmg.co.nz/contact-us or call us on 0800 366 466.

Left to right: CHAROLAIS - Trudy and AJ McIntyre; SOUTH DEVON - Richard and Denise Van Asch; HEREFORD - Jason Hill; ANGUS - Sherson Family (Brian and Sharon Sherson, their son Rob and his wife Tracy)

We're here for the good of the country.

*Offer subject to Livestock Policy terms and exclusions, and underwriting criteria.

FMG
Advice & Insurance

FMG Premier Bull Sale Insurance Form

What is FMG Premier Bull Insurance?

On receiving a completed FMG Premier Bull Sale Insurance form, FMG provides its existing FMG clients with an active policy 14 days free insurance for bulls purchased up to \$50,000. For bulls purchased over \$50,000, please contact an FMG representative.

What is the length of cover?

Your specified bull(s) will be insured for 14 days once you have fully completed this form and it's received by an FMG representative. If you would like a longer period of cover, simply tick the Cover extension box below to extend your Premier Bull Insurance to 12 months. The specified bull(s) is then insured for the next 12 months at **7.6%** of the purchase price.

FMG will invoice you for this additional cover.

What are the benefits?

✓ <i>Infertility</i>	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, injury, or illness.
✓ <i>Theft or death</i>	Cover for your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ <i>Vet costs</i>	Cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Apply

Please fill in this form as soon as you have purchased your new bull(s) and hand it to your FMG representative. This form **MUST** be fully completed and you have to be an existing FMG client with an active policy to be eligible for the 14 days free Premier Bull Sale Insurance.

Cover extension

☐ Tick here to extend your Bull Insurance to 12 months @ 7.6% of the purchase price of your bull. This will extend the cover beyond the initial 14 days free cover for the remaining period of 12 months.
