# FOREWORD

## Welcome to Black Ridge 2026 Angus

### Welcome to Our Angus Auction

Dean, Teresa, and our boys Nick and Chris warmly invite you to a premier Angus sale on our King Country property. Set against beautiful hill country with native bush and abundant wildlife, this is more than an auction—it's a firsthand look at cattle raised with care, practicality, and performance in mind.

Family-Driven Excellence<sup>\*\*</sup>: A long-standing tradition of breeding cattle that perform in true King Country conditions, backed by steeper hills and a natural environment that shape cattle with robust temperament, calving ease, and feed efficiency.

Come and view the cattle, meet the team, and discuss genetics and herd goals face-to-face with clear pedigrees, performance data, and on-farm observations to inform your decisions.

A curated lineup focused on ease of calving, growth, and carcass merit.

A hospitality-first experience, with guidance available from Dean if there are any questions you may have.

We look forward to sharing our best with you this year—welcome to the 2026 Black Ridge Auction.

# FERTILITY GUARANTEE

---

The entry of a bull in the catalogue ipso facto carries with it an undertaking by the vendor that the purchase price (without interest, expense costs or damages) will be refunded should the bull prove totally infertile or incapable of service. If a bull so entered should not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the auctioneers and the award of such arbitrator shall be accepted as final and binding by the parties to the dispute. Any complaint must be lodged with the Vendor in writing within six (6) calendar months of the date of the sale. The cost of taking delivery of and returning a bull to the Vendor shall be borne by the purchaser. A veterinary surgeon's certificate shall be produced by the purchaser when required. The undertaking is limited to the individual value of a bull as a breeder and does not exceed to the loss of profits or otherwise sustained in the event of infertility or non-capacity being proved. The undertaking shall bind the executors or administrators of a vendor.

**TRIAL PERIOD:** In every case a trial period of twelve calendar months from the date of sale must be allowed to test the fertility of the bull.

The incapacity due to injury from whatsoever cause or to illness or disease suffered or contracted after the date of sale is not covered by the guarantee.

That the purchaser shall throughout the guarantee period give the bull full and sufficient opportunity to prove that he is a good server and stock getter or to demonstrate his ability to get stock whichever the case may be.

The purchaser shall throughout the trial period assure that the bull has proper care and attention and is maintained in good condition and health.

Failure on the part of the purchaser to observe or perform the foregoing conditions or any of them shall render the undertaking void.

# CONDITIONS OF SALE

---

1. The Sale will be conducted under the Rules and Regulations of the N.Z. Stock and Station Agents' Association as posted on to rostrum.
2. Transfer fees are payable by the purchasers except in the case of cattle sold for export, when the transfer fee is payable by the Vendor.
3. Purchaser of Cattle for export to contact Vendor prior to sale to confirm health tests required.
4. All transfers must be signed on the day of sale.
5. All cattle become the purchaser's responsibility from the fall of the hammer.
6. All cattle have passed the Tuberculosis tests and are accredited clear of Brucellosis.

## 7. Genetic Defects -

- AM (Arthrogryposis Multiplex)
- NH (Neuropathy Hydrocephalus)
- CA (Contractural Arachnodactyly)
- DD (Developmental Duplication)
- FU (Free Untested)

All bulls are AMFU, NHFU, CAFU and DDFU

**Freight will be covered for the first \$200 for all bulls**

## INSURANCE

We recommend purchasers to insure their bulls on the day of sale.

**G.S.T** All Lots plus G.S.T

# BUYING ONLINE?

- This sale will be held as a HYBRID ON-FARM auction on bidr (bidr.co.nz).
- There will be online bidding and a livestream of the sale for bidders.
- All online purchasers must register with bidr through an account with a bidr partner agency before sale day.
- For help with signing up or registering, contact the bidr team on 0800 TO BIDR (0800 86 2437) or email enquiries@bidr.co.nz

# HEALTH AND SAFETY

---

Under the Occupational Health and Safety Act 1992 we are required to advise people of possible hazards.

1. Cattle Movements
2. Vehicles and Machinery
3. Cattle Yards, Slippery Surface
4. Grandstand, Seating Area
5. Bull Selling Area
6. No Children In Pens With Cattle

## DISCLAIMER

All details and descriptions as to stock listed in this catalogue, have been supplied by the Vendors and although every care has been taken to ensure accuracy in the reproduction of such details and descriptions, participating companies, the Vendors and their employees do not accept any responsibility or liability as to mis-descriptions, errors, omissions or mis-statements caused either directly or indirectly by the negligence of Participating companies, the Vendors and/or their employees.

The TransTasman Angus Cattle Evaluation Estimated Breeding Values (EBVs) contained within this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from the data supplied by breeders. Neither Angus NZ nor ABRI oversee or audit the collection of this data.

# ANGUS NZ EBV'S EXPLAINED

---

## Angus NZ EBVs Explained

EBVs and Selection Indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) to provide the best measure of an animal's genetic merit.

To ensure the accuracy of EBV and Index data, Angus NZ combine with Angus Australia to create a reference population known as the TransTasman Angus Cattle Evaluation (TACE).

By using TACE – along with visual and structural appraisal – will assist in creating a balanced phenotypical and genotypical breeding outcome.

### **FOUR STEPS TO SELECTING YOUR NEXT Angus NZ SIRE:**

1. Consider your individual EBVs of importance
2. Consider other traits of importance (e.g. visual assessment)
3. Identify the **Angus NZ selection** index of most relevance to your breeding programme
4. **Rank animals** using the chosen Selection Index.

Angus NZ publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection Indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Self Replacing
200 Day Growth	Days to Calving	Eye Muscle Area	Structural Assessment	AngusPure
400 Day Weight	Gestation Length	Rib Fat		Heifer Dairy Terminal
600 Day Weight	Calving Ease Direct	Rump Fat		<b>Details about the Angus Selection indexes can be found at:</b> breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

For more information, including EBV descriptions and how to use them go to: [breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf](http://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf)

Beef + Lamb Genetics have developed a new tool to make it easier to find the best bulls for your farming operation. Using a series of buttons and sliders, you can refine down your breeding criteria. On a click of a button, nProve then generates a list of bulls that best fit that criteria. It's free to use, there's no need to register and there's also helpful tips to get started. Try it out at [www.nprove.nz](http://www.nprove.nz)

# HERITABILITY OF TRAITS IN ANGUS GROUP TACE (TRANSTASMAN CATTLE EVALUATION)

Only part of the variation that we observe among animals is due to genetic differences. The majority of the variation is generally due to non-genetic factors such as differences in environment and nutrition.

The degree to which genetic differences influence performance varies from trait to trait. This is explained by differences in the “heritability” of the traits.

Growth and carcass traits tend to have moderate to high heritabilities (i.e. 20 to 60%), whilst maternal traits have low heritabilities (10% or lower).

The TransTasman Angus Cattle Evaluation takes into account the different degrees of heritability of various traits, and the known genetic relationships between the traits.

## ANGUSPURE PARTNER STUD

**AngusPure NZ has teamed up with 91 Angus studs who share in our vision - to focus on the end consumer. This stud is proud to be named as one of them, and by using the finest genetics and implementing best management practice they can help you produce more premium quality Angus beef.**

**Only our AngusPure Partner studs display these devices in their sale catalogues. They indicate bulls endorsed by AngusPure NZ.**

## **A** ANGUSPURE ENDORSED BULLS

AngusPure NZ continues to endorse bulls for sale that are either at or above +\$131 for the AngusPure index (API) and at or above +\$118 for the AngusPRO index (\$PRO). These indexes give commercial farmers confidence that by using these selection tools, bulls are most likely to leave progeny with superior carcass quality. At the same time, they achieve desirable outcomes for self-replacing herds, as the AngusPure & AngusPRO indexes still reward cattle with strong maternal attributes like calving ease, scrotal and growth, along with carcass weight.

**To qualify, bulls will be => +\$131 for AngusPure index OR => +\$118 for AngusPRO index**

## **A+** EXTRA ANGUSPURE ENDORSEMENT FOR MARBLING

In addition to the 'A', and to assist bull buyers who wish to select for more marbling AngusPure is rewarding those animals that are either at or above +\$147 for the AngusPure Index (API) and at or above +\$132 for the AngusPRO Index (\$PRO). In addition to this, they must have an IMF EBV (for marbling) equal to or greater than +2.6. These bulls will be awarded an 'A+' endorsement. Marbling is one of the very highest eating quality attributes and is necessary in order to meet some of the highest premium requirements for the export program, AngusPure Special Reserve.

**To qualify, bulls will be => +\$147 for AngusPure index OR => +\$132 for AngusPRO index, and in addition all bulls must be => +2.6 for IMF EBV**

AngusPure NZ recognises the need to lift the amount of marbling in our New Zealand cow genetics, in order to fill the requirements of consumers going forward. Marbling has two critical components; genetics and feeding. Feeding on a rising plane of nutrition is vital but without the right genetics, these attributes will not be able to express themselves.

# BALANCE DELIVERS RETURNS

## **BRED FOR BALANCE**

Strong maternal traits. Quality carcasses. Superior genetics.

## **FARMED FOR BALANCE**

Performs everywhere — from hill country to finishing systems.

## **RECORDED FOR BALANCE**

Agile performance data recorded for NZ conditions and market-focused indexes.

## **CONSUMED FOR BALANCE**

Carcase quality that delivers on-farm and on the plate.

Angus NZ delivers **Better Balanced Beef**

# **NOTES**

# NOTES

# BULL-PROOF

## YOUR ASSETS AGAINST RURAL THEFT.

Theft and burglaries occur more often than you think, and the number of theft claims is increasing.

Every year FMG supports over 1,000 families impacted by theft and burglary. Alarmingly, 1 in 5 clients at rural addresses have been targeted more than once in the same year!

We think now's the time to put a lock on that trend. We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at [fmg.co.nz/rural-theft](https://fmg.co.nz/rural-theft)

---

**We're here for the good of the country.**

**FMG**  
Advice & Insurance

# FMG Premier Bull Sale Insurance Form

## What is FMG Premier Bull Insurance?

On receiving a completed FMG Premier Bull Sale Insurance form from an existing FMG client, FMG provides insurance cover for bulls including theft, death caused by certain accidents, injury, disease, illness or humane destruction and permanent infertility, provided the bull's purchase price does not exceed \$50,000 +GST. Please contact an FMG representative if you are not an FMG client, or you purchased a bull for over \$50,000+GST.

## What is the length of cover?

Your specified bull(s) can be insured for up to 12 months on FMG Premier Bull Sale Insurance.

## What are the benefits?

✓ <i>Infertility</i>	Cover if your specified bull has to be intentionally slaughtered due to permanent infertility caused by certain accidents, disease, or illness.
✓ <i>Theft or death</i>	Cover for your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ <i>Vet costs</i>	Cover up to \$500 for treatment of your specified bull to prevent death.

## What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

## Apply

Please fill in this form as soon as you have purchased your new bull(s) and hand it to your FMG representative.  
This form **MUST** be fully completed for Premier Bull Sale Insurance.
