Resurgam Angus – Welcome

Welcome to our R1 & R2 Angus Bull Sale

Resurgam Angus was founded in 1996. Over the past 30 years we have rebuilt a base of Pure New Zealand Maternal Genetics. These maternal genetics are renowned for their superior meat quality and easy doing ability. These cattle are great converters of lower quality grass to high quality beef; they maintain themselves during feed shortages and bounce back quickly.

The base of the Herd was derived from Maunu, Tuarikura, Parakowhai, Waihihi, and Ruru herds with both heifers and cows.

While establishing the Resurgam Angus herd we discovered the unique quality of Pure New Zealand Angus Cattle. These cattle have the attributes we believe are needed for New Zealand's grass based farming systems

Our herd has grown over the past 30 years with our breeding program aimed to preserve the unique qualities of the Pure New Zealand Angus Cattle. It is our vision to produce moderate birth- weight calves, structurally correct, with strong maternal & paternal qualities in our cows, feed efficient cattle with high meat quality. We seek longevity in our cows with easy

fleshing in our herd that require minimum maintenance while working in a 100% grass based environment. We also run our cattle with sheep for added pressure to perform.

These Pure New Zealand genetics are ideal for dairy use. Progeny tends to be thicker and blend well with Dairy genetics

We have selected 34 R1 Bulls and 72 R2 Bulls based on structural assessment, birthweight, good temperament and are fit as they have spent their lives on true hill country so are fit.

All bulls catalogued are AM, NH, CA and DD free. BVD antigen negative status and carrying the red button tag for the test as well as vaccinated twice for BVD. R2 bulls get a booster shot as well. TB status on both properties C10.

MYCOPLASMA BOVIS

Resurgam is a closed herd run up in the remote Waikura Valley and at Resurgam in Ohope surrounded by native bush.

Sean & Jodi Brosnahan

M: 021 997 519

Conditions of Sale

The sale will be conducted in accordance with Conditions of sale as set down by the New Zealand Stock and Station Agents Association: A copy of which will be exhibited at the sale.

Buyers are requested to leave their full address and specific delivery instructions with the booking clerk before leaving the sale.

Payment: Fourteen days after sale, unless prior arrangement has been made with the vendor.

Every lot will be at the risk of the purchaser as from the fall of the hammer.

Fertility Guarantee: As per rules and regulations set down by NZ Angus Cattle Breeders Association.

Health and Safety: Please adhere to the Health and Safety Guidelines at Resurgam Angus Home Farm, 386 Wainui Rd. Beware of hazards on property and sale venue

Insurance: We recommend purchasers insure their bulls with the auctioneer on sale day.

Special Note:

All Bulls in the Catalogue have been:

- Weighed, tagged and recorded at birth
- Vaccinated with Covexin 10 twice.
- BVD vaccinated
- Copper injection
- B12 with Selenium injection

Falkirk Certification

The Falkirk System for animal selection was developed to ensure genetic integrity for commercial producers and astute breeders alike. Reasoned science and objective client data continue to confirm genetic gain of significant differential. The exact description of the physiology of a particular animal is defined by measured data. Then the Falkirk hand/eye methodology is applied to observe the skeletal/structural correctness that indicates and subscribes to functionality and longevity.

Feed conversion efficiency is the prime economic driver to determine the optimal animal. Which by default develops towards prepotency with lower gas emissions through consuming up to 24% less feed than the inefficient animal. Environmental, Marketing and financial fitness is assured with the Falkirk Certified stamp of approval.

Within any group of Falkirk assessed animals 3 categories are identified; Full Certification, Standard, Non Certified.

Due to the Resurgam Angus Stud following a rigorous genetic selection program over recent years all these bulls on offer today qualify either Falkirk Certified or Falkirk Standard to indicate reliable productivity and consistent replication of progeny.

Ian Walsh

Sire: MAINSTREAM MATE 301

MATAURI I831

WAIMATA BORIS 904

Dam: WAIMATA K1209

F 785 OF WAIMATA

COMMENTS: Resurgam Mate C2351 was sold to James Delaney in Waikanae. We purchased him back in 2021. Mate C2351 is a deep bull with good structure and very good temperament. Mate C2351 is an easy doing natural bull with athletic ability to get the cows bred. Waimata K1209, dam of Mate C2351 was a moderate sized cow with a very good udder. We sold 2 sons for commercial use (Resurgam Zeus U422 and Resurgam Mate W520) and repurchased for stud use as aged bulls. K1209 stayed in our herd until she was 16 years old.

AYSGARTH ANGUS

Steve & Di Stockdale

880 Mangati Road,
Puketotara

Phone:

Steve 021 919 741

Di 021 419 741

Our herd was established in 1994 using Waihohonu heifers, along with Helen Laimbeer's sage advice and support. Waimata 818 (pictured) was the most influential sire. Over the years we have sourced traditional Pure New Zealand Sires from Resurgam, Kendhardt, Waimata and Waitawheta Angus Stud. Our primary focus has been conformation and temperament (Falkirk Principles) and constitution (Gearld Fry). Our animals are naturally adapted to a grassfed environment.

All heifers calve at two years of age, and our calving period is early spring, to match the seasonal grass growth limited by our sub-alpine elevation. Rainfall average is 2.3 metres per annum.

77%	43%	70%	69%	70%	70%	62%	74%	

COMMENTS: Aysgarth 820 is eye catching, has great top line and is exceptionally well muscled. He has outstanding conformation as assessed by Falkirk standards. His dam has three active females in the herd. Sire is Waimata 466, the last of the Waimata legacy bulls.

77%	42%	72%	70%	72%	73%	64%	75%

COMMENTS: Waimata 466 was one of the last bulls transferred from Waimata Stud before Pat & Evelyn Watson retired. He has exceptional muscling, and his progeny exhibit the same trait. His gestation length EBV is -8.9 days and determined to be in the top 5% of Angus NZ. His daughters are early maturing and very traditional and feminine. We have retained a son for mating this year.

80%	46%	75%	73%	74%	74%	68%	75%

COMMENTS: We obtained Waitawheta Q124 from Alistair and Pat Sharp who offered us the luxury of pick of the crop, just prior to their dispersal. His heritage extends back to Waiwera Baker F167, Waimata Blu-print G436 and Waimata Lad E230. A magnificent masculine head, with strong constitution. We have retained daughters in our herd.

FMG Premier Bull Sale Insurance Form

What is FMG Premier Bull Insurance?

On receiving a completed FMG Premier Bull Sale Insurance form from an existing FMG client, FMG provides insurance cover for bulls including theft, death caused by certain accidents, injury, disease, illness or humane destruction and permanent infertility, provided the bull's purchase price does not exceed \$50,000 +GST. Please contact an FMG representative if you are not an FMG client, or you purchased a bull for over \$50,000+GST.

What is the length of cover?

Your specified bull(s) can be insured for up to 12 months on FMG Premier Bull Sale Insurance.

What are the benefits?

✓ <i>Infertility</i>	Cover if your specified bull has to be intentionally slaughtered due to permanent infertility caused by certain accidents, disease, or illness.
✓ <i>Theft or death</i>	Cover for your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ <i>Vet costs</i>	Cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Apply

Please fill in this form as soon as you have purchased your new bull(s) and hand it to your FMG representative.
This form **MUST** be fully completed for Premier Bull Sale Insurance.

BULL-PROOF

YOUR ASSETS AGAINST RURAL THEFT.

Theft and burglaries occur more often than you think, and the number of theft claims is increasing.

Every year FMG supports over 1,000 families impacted by theft and burglary. Alarmingly, 1 in 5 clients at rural addresses have been targeted more than once in the same year!

We think now's the time to put a lock on that trend. We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at fmg.co.nz/rural-theft

We're here for the good of the country.
