NZ FARMERS LIVESTOCK

REDSHAW LIVESTOCK LTD

A/C Cammock Dairying Ltd, Rata, Hunterville.

Comprising:

200 Frsn & Frsn x M/A Cows
Herd BW 73 PW 119 RA% 82

“NZ Farmers Livestock in conjunction with Redshaw Livestock are pleased to offer this quality herd for auction. After 18 years, our vendors have made the difficult decision to exit sharemilking. This well-established herd has proven excellent shiftability, having been successfully farmed from Dannevirke through to the Central North Island, and most recently near Hunterville. Production has remained consistent, averaging 380–400 MS, currently under a Level 4–5 system in a more challenging dairying environment, where supplement feeding has been required to maintain performance. If you are seeking genuine, hardworking cows that can adapt to a range of conditions and locations, this is an opportunity not to be missed.”
